## Hand-Crafting Your Own Watercolor Journal

Date: Saturday, July 14, 2018

Time: 10 AM – 4:30 PM

Cost: \$55 plus \$55 supply fee to include all materials and tools.  
Must register by June 30th so supplies can be ordered.)

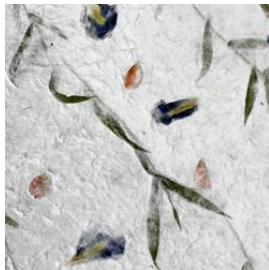

Instructor: Anne Glacken [glacken@ctc.net](mailto:glacken@ctc.net) 704-938-3561

Skill Level: Open to all levels

In this class you will create your own unique watercolor journals. There is something so satisfying about sketching and painting in a journal you hand crafted yourself. It is like completing a circle. This class is perfect for those who have never made a journal.

We'll make a journal like this green/blue one using the mulberry and floral paper and thread shown below.

You will learn how to make your covers, hand tear your paper in order to have beautiful deckled edges, how to punch the signatures for sewing and how to sew it all together with the French Link stitch as shown in the photo. Finished journal will measure 8" x 10 ½".

**Instructor will provide:** A supply package which includes: cover paper, cover boards, watercolor paper for pages, waxed linen thread, needle, awl and bone folder. Also included is a folder with complete instructions along with photos for future reference.

Students only need to bring the following: pencil, ruler and scissors

We will have a short lunch break. You can bring your lunch or order carryout.
