## Paper Quilling Art - Koi

Date: August 4

Time: 10:00 am – 3:00 pm

Cost: \$75

Instructor: Kristy Keistler, [forgivemenotfairies@gmail.com](mailto:forgivemenotfairies@gmail.com)

Phone: 704-425-7039

While a completed paper quilled project may look complicated, learning to master the steps of curling, rolling and pinching paper strips is not difficult.

Even beginners can complete a project in one class and are usually quite pleased with their work. The resulting 3-D image can be framed in a shadow box frame or simply placed on an easel for display.

In this session we'll do a 16x20 koi in a beautiful array of blues and greens.

You should be able to use your new quilling skills to make other art pieces at home.

This class is appropriate for all levels of art experience, including beginners.

Kristy will guide you through each step of the process. You will be able to enjoy a relaxing session with like-minded creative folks and maybe even make a few new friends in the process.

**Instructor provides:**

Project backing board  
Quilling tool (student keeps)  
Glue  
Quilling papers

**Student provides:**

Regular scissors

Please check out Kristy's work in the Gallery and Gift Shop!
